THE GLOVE CASE FOR R8000 SERIES

It is specifically designed to carry and protect the Freedom R8200/R8100/R8000 Communications Analyzer

Offering LCD protection against scratches and damage, it will not only transport your Test Set easily & securely, but also facilitates the access to the equipment within seconds!

LIGHTWEIGHT

The glove case has a lightweight design and it is convenient to take anywhere.

PRACTICAL

A tight fit tailored to the R8200/R8100/R8000 and a protective flap that lifts up provides easy access to all buttons and features.

DURABLE

The smooth but strong zipper for easy opening and closing is designed to last for many years of repeated use.

Prolong the life of your R8000

The comfortable feeling of thick & durable fabrics covers the back and corners of your R8000 while it protects against scratches, dust, dirt, and shocks.

It includes:

- Mesh for heat dissipation
- An external pocket for carrying a few extras
